

## Tube Clamps

### 1212 TUBE CLAMP

#### ① Titanium Tube Clamp

The titanium 30mm tube clamp adapter is designed for an optimum strength while maintaining low weight. A forged and machined combination provides high quality and strong product.

**Warranty:** 2 year

#### ② Stainless Steel Tube Clamp

The stainless steel 30mm tube clamp adapter is made of high strength stainless steel alloys providing a strong and durable component.

**Warranty:** 2 year

#### ③ Aluminum Tube Clamp

The aluminum 30mm tube clamp adapter is made of high strength aluminum alloys. This tube clamp is manufactured by a forged and machined combination providing for high quality and strong product.

**Warranty:** 2 year

#### ④ Molded Stainless Steel Econo Tube Clamp

The molded stainless steel 30mm econo tube clamp adapter is designed for cost effective application.

**Warranty:** 1 year

P/N	Material	Product Weight	Weight Limit
① 1212T	Titanium	79g	136kg / 300lbs
② 1212S	Stainless Steel	128g	125kg / 275lbs
③ 1212A	Aluminum	83g	114kg / 250lbs
④ 1212MS	Molded SS	117g	90kg / 198lbs

Torque Value	Torque (Nm)	Hex (mm)
① 1212T M6 Cap Screw	7 Nm	5mm wrench
② 1212S M6 Cap Screw	8 Nm	5mm wrench
③ 1212A M5 Cap Screw	6 Nm	4mm wrench
③ 1212A M8 Set Screw	10 Nm	4mm wrench
④ 1212MS M5 Cap Screw	7 Nm	4mm wrench
① 1212T/② 1212S/④ 1212MS M8 Set Screw	15 Nm	4mm wrench
