

Ready for the next adventure.

The most performing among the BioStep™ Family. An all-around foot with extra shock absorption and increased safety on all terrains, providing a softer connection to the ground.

Suggested for demanding dynamic users searching for the best. Ideal also for hiking and trekking, as well for recreational sport and high impact activities.

Natural, responsive, gently supportive

KEY FEATURES

With NRG™ Technology

Multilayer

Split-toe

Dynamic calf & Shin

Axial rotation 12°

Range of motion 26°

Increased Shock Absorption

KEY BENEFITS

- Physiological and energy efficient gait
- Smooth rollover during the whole gait cycle
- High dynamic response to support an active lifestyle
- Possibility to do a wide range of activities with just one single foot
- Ground compliance and stability on all terrains
- Reduction of secondary issues thanks to a more balanced posture and symmetrical gait
- Low maintenance
- Lightweight
