

Keep your skin soft and smooth with the ComforGel™ Sheath

The ComforGel™ Sheath combines the benefits of a traditional sheath with the comfort offered by gel for below knee applications. This durable sheath is a traditional sheath on the outside and has gel with medical grade mineral oil on the inside! The specially formulated gel helps to keep the skin soft and smooth. The ComforGel™ Sheath offers great stretch, which allows conformity to irregular shapes.

Features of the ComforGel™ Sheath Include:

- For below knee applications
- Gel impregnated with medical grade mineral oil
- Durable sheath on the outside
- Specially formulated gel helps to keep skin soft and smooth
- Great stretch for conforming to irregular shapes
- Approximate 3 ply thickness
- Total sheath length of 14"
- Gel length of 9"
- Conveniently available in one size to fit most BK amputees
