## OTHER SPECIALTY SOCK PRODUCTS

# SmartKnit®

SEAMLESS AFO, KAFO, AND SMO SOCKS

Patented SmartKnit® Seamless AFO, KAFO, and SMO Socks provide patients protection and comfort under their orthosis. Each sock is made the same way that a caterpillar spins its cocoon—starting at the toe and circling to the top, resulting in a seam-free, wrinkle-free sock that fits like a second layer of skin, provides exceptional softness, and wicks perspiration.

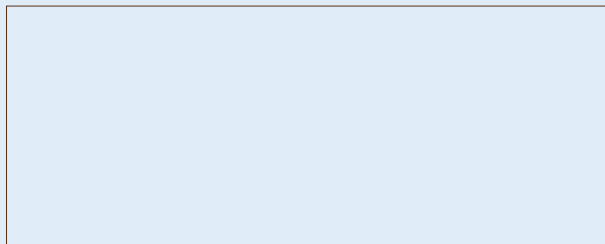

## SmartKnit KIDS®

Seamless Sensitivity Products

Completely free of seams! Our patented product is knit like a cocoon, starting from the toe and working up to the ankle, providing comfort and relief to children who have Sensory Processing Disorder, Autism, Hypersensitivity, or who just cannot stand annoying sock seams. Wicks moisture away to keep feet dry and control odor.

## PATTERNED AFO SOCKS BY SMARTKNIT®

*Core-Spun by Therafirm® AFO Socks provide patients protection and comfort under their orthosis.*

*Each patented sock is made by twisting a sheath moisture-wicking fibers around an inner spandex "core yarn" to create one yarn.*

*The result is an ultra stretchy, form-fitting sock that is easier to put on, more comfortable for all-day wear, and increases success of orthosis use.*

**Patent #7,895,863**

## Protection and Comfort

Core-Spun by Therafirm® AFO Socks are made with stretchy Core-Spun yarns that enhance strength, durability, and stretch comfort. Added thickness provides all-day comfort and protection. The form-fitting design helps reduce irritation from wrinkling and bunching.

The non-restrictive, comfort designed top comfortably stays in place all day. Superior moisture-wicking fibers keep feet cool, dry, and odor-free by wicking moisture away from the skin.

**KNIT-RITE® direct**  
extension of your o&p provider

## An Extension of Your O&P Provider

Knit-Rite Direct is an e-commerce website created to work with and assist orthotic-prosthetic patient care facilities, and for patient convenience, offering a limited selection of orthotic and diabetic sock products that are not covered by insurance. Knit-Rite is committed to working with O&P providers to offer patients products that will provide comfort and protection. Items are ordered through Knit-Rite Direct, billed to the consumer and shipped directly to the patient's door. Because of the medical nature of Knit-Rite products, all patients must have a Provider Code from their orthotic-prosthetic facility or foot care provider.

### Facility Compensation

- 15% of retail sales
- Payment will be a credit memo to your account quarterly, directly or via your Knit-Rite distributor
- Option to donate proceeds to AOPA Capital Connection in your name in lieu of credit memo

### How It Works

- Practitioner fits initial pair, or recommends course of product to patient, ideally with product codes
- Facility gives patient FACILITY PROVIDER CODE to allow log-in and purchase
- Facility receives credit with each order
