

Different. By design.

Unique drop foot solutions,
built for clinic and patient success.

FreeFlow

A posterior carbon fiber AFO that
provides smooth, dynamic support.
PDAC approved L-1951.

Product Numbers

EAP-009 – Freeflow, Right
EAP-010 – Freeflow, Left

Glide

An anterior shell carbon fiber AFO
that offers best-in-class durability
and ground reaction force.
Recommended for L-1932.

Product Numbers

EAP-003 – Glide, Right
EAP-004 – Glide, Left

Total SKUs	Reduce inventory with just 2 SKUs, a left and a right
Carbon Fiber	Advanced carbon fiber laid continuously from the strut to footplate for higher durability
Strut Design	Lateral strut position for optimal shoe comfort
Strut Position	FreeFlow (lateral-posterior) Glide (lateral-anterior for maximum comfort)
Footplate Trimming	Fully trimmable for a custom fit for each patient, while remaining rigid at toe. Ranging in sizes XS-XL (8.5 – 12 in, 21.6 – 30.5 cm)
One Hand Donning & Doffing	Allows for easy application, even for low dexterity patients Boa® Fit System can be set up on either medial or lateral side based on user preference
Vertical Height Adjustment	Allows for calf-height to foot-length variability accommodating calf heights of 11.25 – 15 inches (28.5cm – 38.1 cm) fit at the apex of calf musculature
Calf Cuff Adjustability	Heat moldable customization for each patient's calf circumference from 11 – 24 inches (28cm – 61 cm)
Weight Limit	275 lbs
2-Year Warranty	Best-in-industry guarantee on all carbon fiber and soft goods
