

ENCORE™ meridian

- Internal sleeve protector
- Highly active users
- Increased cushion and comfort

The Encore Meridian Sleeve is designed for active amputees seeking a comfortable and reliable product. The internal sleeve protector aligns with the brim of the socket to reduce stress, prevent delamination and increase the lifespan of the sleeve. Crafted using a proprietary blend of soft thermoplastic gel and infused with medical grade mineral oil, the Meridian sleeve is comfortable and highly durable- perfect for the active patient.
