

# IN|STEP CARBON AFO

Designed for a natural gait response

The **IN STEP** AFO provides a smooth roll-over that results in a more natural gait. Unique spiral design offers a wide plantar and dorsiflexion range with dynamic response.

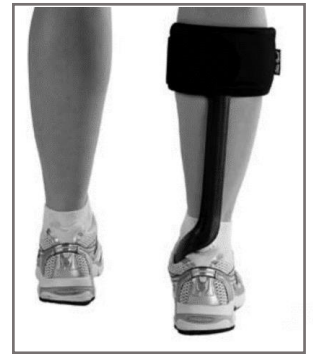

The material matrix provides an extremely durable and lightweight design combination. Spiral design of strut offers comfortable feel and security. The low-profile aspect fits inside almost any shoe.

Calf band allows for an easy application while securely keeping the **IN STEP** AFO in place.

**PDAC APPROVED: L1951**  
**6-month warranty**

## INDICATIONS

**IN STEP** is ideal for patients with drop foot, dorsiflexor paresis/paralysis, peroneal nerve palsy or CVA. **IN STEP** will provide greater support for mild to moderate drop foot.
