- The delivery process of a prosthesis will require the production of a trial prosthesis to assure the best possible fit and color(s)
- The trial prosthesis will be sent for approval (using the appropriate form) before the definitive prosthesis will be produced and shipped
- It is critical to supply all the required information for the timely and accurate delivery of the prosthesis

MODEL

Select model, color(s) and other options of the prosthesis that fits the need of your patient.

FORMS

Fill out the forms for the appropriate prosthesis (see page 3,) including style, options and dimensions of both **residual limb** and **sound side**.

CAST

Create a positive cast of the **residual limb** and **sound side**. Mark the cast with patient's name or ID number and date.

PHOTOS

Take photos of both the patient's **residual limb** and **sound side** (anterior, posterior, lateral and medial.)

VERIFY

Verify that each cast corresponds accurately to the measurements recorded on the forms

MODIFICATIONS

Modify the **residual limb** cast as follows:

- Reduce 3% for bony areas.
- Reduce 4–5% on fleshy areas

RECEIVE TRIAL

Receive and fit the trial prosthesis on the patient, then determine if it is **approved** or **revisions are needed**

SEND

Send all materials (**marked casts**, **forms** and **photos**) to your Regal Prosthetics distributor (**Cascade Orthopedic Supply or OrtoPed**). In instances of modifications, please return all material **within 45 days**.

If trial prosthesis
is **approved**

If trial prosthesis
requires revision

TRIAL MODIFICATIONS

- **Fill out** the "Trial Prosthesis Modification Form" for the appropriate prosthesis (**R2**) with the necessary revisions
- **Mark** the revision instructions directly on the trial prosthesis
- **Indicate** if the next device you want to be produced will be the "**definitive prosthesis**" or "**another trial prosthesis**"

CONFIRMATION

- Contact your Regal Prosthetics distributor (**Cascade Orthopedic Supply or OrtoPed**) **within 45 days** that the definitive prosthesis can be created
- **Return** the trial prosthesis to your Regal Prosthetics distributor (**Cascade Orthopedic Supply or OrtoPed**)

DELIVERY

Wait 21 to 28 days from time of confirmation for receipt of definitive prosthesis.

ORDER FORM

- 1 Please draw 1:1 outline of the left hand, on Page 7.
- 2 Fill in all the measurements (in mm) that are relevant to the patient's hand (sound or residual).
The trial prosthesis fitting is most successful when the greatest number of measurements are recorded (Regal may be able to make slight modifications to the silicone prosthesis).

The diagram shows a left hand with various measurement points labeled F1 through F9, C1 through C9, L6 through L9, and W1 through W2. Each point is accompanied by a small inset image showing how to measure it. F1, F2, F3, F4, F5, F6, F7, F8, and F9 are length measurements taken from the thumb to the respective point. C1 through C9 are circumference measurements taken around the hand at specific points. L6, L7, L8, and L9 are length measurements taken from the wrist to the respective point. W1 and W2 are width measurements taken across the palm and wrist. The diagram also includes a dashed line indicating the 'PALMAR SIDE' of the hand.

Legend:

- Hexagon = L = Length
- Square = C = Circumference
- Circle = W = Width

Note: This information does not replace cast. It should be provided as additional information.

Disclaimer

Please note that the color selected for the patient's Regal high definition silicone Residual Limb Adapted (RLA) device is; 1) the closest match to the patient's skin tone and that it may not match exactly on the definitive device; 2) dual color of the patient's silicone device may vary slightly from the color swatch they were shown. It will need to be explained to the patient that their natural skin tone may change with the different seasons; therefore they should not expect their Regal high definition silicone device to match his/her skin tone at all times.

It should also be explained to the patient that the delivery date of these silicone RLA devices may vary, especially if multiple trial devices are required to ensure the best possible final fit and outcome. Each trial device requires approximately 3 weeks delivery time, plus any other delay that may occur due to missing measurements or information required from their prosthetist, missed or rescheduled appointments, delayed shipments or other causes beyond our control.

THE EXPRESS WARRANTIES SET FORTH HEREIN THE REGAL CATALOG OR ANY DOCUMENTATION ARE IN LIEU OF ALL OTHER WARRANTIES EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION, ANY WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, AND ALL SUCH OTHER WARRANTIES ARE HEREBY DISCLAIMED AND EXCLUDED BY CASCADE ORTHOPEDIC SUPPLY, INC. IN NO EVENT SHALL ORTHOPEDIC SUPPLY, INC.'S LIABILITY OF ANY KIND INCLUDE ANY SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES, EVEN IF ORTHOPEDIC SUPPLY, INC. SHALL HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH POTENTIAL LOSS OR DAMAGE.

Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation may not apply to the end-user or original purchaser.

Terms of Purchase

PLEASE NOTE: Cascade Orthopedic Supply Inc. or any of its subsidiaries reserve the right to update or amend these terms and conditions of this "Terms of Sale and Policies" at any time without prior notice.
