

**Price Reduced!**

#### VIVA Sleeve

The VIVA—Valve Integrated Vacuum Activated—sleeve has a built-in valve to provide superior fit and feel. Available in 6mm and 3mm thickness.

#### EasySleeve™ Fabric

Integrated elastic fabric cover allows freedom of movement while providing secure suspension. EasyGel relieves skin of shear forces. Also available in Sticky.

#### Reinforced Clearline

Offers the same features as the EasySleeve™ but with a thinner construction without sacrificing durability. The 2mm thickness reduces bunching behind the knee.

#### EasySleeve Super Stretch

A gel sleeve without the restriction of a fabric cover. Allows complete freedom of movement while providing secure suspension. Spandex covers available separately.
