

MAGLOCK SOCKS

KNIT RITE Soft-Sock for MAGLOCK

The classic Soft-Sock with a new distal hole specifically designed for the MAGLOCK Magnetic Suspension System. Reinforced with stretch nylon, the distal hole has a restricted range to expose the MAGLOCK disk and not allow the sock to ride up around the liner. Cuddly and soft, conforming fit, and fewer sizes make the Soft-Sock the perfect fit for the MAGLOCK.

NEW 3-D TOE!
Hemispherically
knit three-
dimensional
distal shape for
better fit.
