

Alpha Classic[®] Gel, meet Alpha Silicone[®].

Together at last, the Duo your
patients have been waiting for.

WillowWood[®]
ALPHA DUO[™]

We know the power of
good chemistry, and
when these two are
together, magic happens.

Inside, Alpha Classic Gel nurtures and nourishes the skin, keeping patients comfortable all day long. Outside, Alpha Silicone provides long-lasting durability and protection.

It's the perfect combination of comfort and durability and it's only available at WillowWood.

Alpha Duo

- Skin-friendly Alpha Classic Gel provides a comfortable fit
- Alpha Silicone provides stability and helps contain soft tissue
- Fabric-free exterior has a satin finish for easy donning, no lubricants needed
- Symmetrical profile allows for liner rotation and extends the life of the liner
- Suitable for transtibial or transfemoral applications
- Use with suction suspension or elevated vacuum
- Retrofits with the WillowWood One® System's fabricless Alpha SmartTemp® Liner
